

ENVIRONMENTAL POLICY

GENERAL STATEMENT OF POLICY

Colorcote is a specialist powder coating company and is committed throughout its business to respect the environment. In particular, it is the policy of Colorcote to comply with the appropriate environmental legislation and regulations, monitor performance, and strive for continuous improvement.

In this respect our policy is to:

QUANTIFY and monitor all environmental impacts of the business and set specific objectives and targets.

COMPLY with environmental legislation and regulations that relate to our business, the health and safety of our employees and to the community in which we operate.

MINIMISE waste by auditing manufacturing processes and seek alternatives to landfill disposal wherever possible. In addition to this, we shall seek to limit the use of unnecessary packaging and products. Disposal of all waste will be in accordance with the local regulations and responsible practices.

DEVELOP an environmental system and aim for ISO14001 certification within the next two years and provide the resources necessary for its effective implementation.

ENCOURAGE our suppliers to adopt an environmental philosophy similar to our own.

COMMUNICATE our environmental policy to all staff, customers, suppliers and contractors.

IMPROVE energy efficiency by assessing the technical processes, factory, warehousing and office management systems.

The policy will be available to the public via our official website www.colorcote.co.uk
